## About This Game

**Spinball** is a fast, fun, and competitive multi-player sport game with non-stop scoring action. Rack up the points as you spin your paddles to smack the ball towards the goal, and try not to accidentally score against your own team! Spinball is continuous, meaning the ball doesn't stop after a goal - and neither does the fun! Play single-player mode against bots or challenge your friends in one-on-one or two-on-two matches.

- Configurable match length
- Customizable team colors
- Selectable number of paddles

If Pong on the Fairchild Channel F and the Hattrick arcade game had a baby it would be this game.

Beware that even after you make your selections you have to highlight GO! or you will never get started.

Worth the asking....

F11 in case you don't notice switches it from Windowed V Full screen, so has that feature!

Played successfully with Logitech Dual Action USB controller.

Windows 10 64-bit compatible!
